OAK RIDGE, TENNESSEE

# Savings Plan Checks To Be Mailed Tomorrow, June 29

# **Bear Creek Road Closes** For Repaying

Y-12 commuters who travel the Bear Creek Road to and from work will be pleased to learn of

its closing for repairs next month. The first section of the road, from Gallaher Bridge to White Wing Road will close July 5, and remain closed for seven working days, or July 13, weather permitting. The Bear Creek section from White Wing Road to Bear Creek Portal will close then for repairs, approximately, July 17. repairs, approximately July 17. This section will be closed for 15 working days. With perfect weather conditions, the entire road section should re-open August 4. Signs giving opening and closing dates will be posted at entrances to both roads in case the work is slowed by inclethe work is slowed by inclement weather.

Y-12ers, who live west of Oak Ridge will be able to use the Oak Ridge turnpike, past the Oak Ridge Gaseous Diffusion Plant, to the "Y" guard post on the turnpike, then re-enter Bear Creek Road during the closing of the first section.

Other Routes Open

The other section when closed will be slightly inconvenient to Y-12ers coming from that section. They will be able to come Bethel Valley Road, or via Oak Ridge Turnpike, and enter Bear Creek from the east.

Most comments from employees living in those sections requiring the use of Bear Creek Road are to the effect that the temporary inconvenience will be well worth the effort to have a better road.
Will Take 20 Days

The entire re-paving and improving should take approximately 20 working days. These roads are "official use only" roads and are not generally used by the public, since their existence is primarily for access to the three plants in the Oak Ridge area.

The Gallaher section of the road is approximately 3.5 miles long, and the Bear Creek part scheduled for improvement is approximately 5.8 miles long.

#### Alaska Has Highest Rate Of Deaths From Accidents

Based on the number of deaths per 100,000 population, Hawaii had an accidental death rate of 29.6—lowest for any of the 50 states and the District of Counbia. Alaska, on the other hand, had the highest number of accidental deaths per population—135.1.

sympathy to his widow and sons. Rhowler Bobby and Thomas are also Y-12 shared.

The Award was given in recognition of the entire Corporation's safety performance during the year 1960. This was the fourth time Union Carbide has received

The Safety Council made the award on the basis of Union Carbide's improved safety record over its own past performance and over the record of industry as a whole. In 1960, the Corporation's disabling injury frequency rate was 1.92, and its severity rate was

Frequency rate refers to the number of disabling injuries per million labor hours worked. Severity rate indicates the number of days charged per million hours worked.

Union Carbide employs more than 73,000 men and women in its plants, sales and executive offices, and warehouses throughout the United States and Canada.

#### Next Tuesday Is Holiday For Nation's Birthday

Next Tuesday, July 4, will be observed as a holiday in the Y-12 Plant. No employees will required to work except those required for the continuous operation and protection of the plant.

Independence Day is cele-brated as that day on which the early colonists broke their ties with England 185 years ago.

Next week's Bulletin will be delayed in the mails one day because of the holiday.

The entire plant expresses its employees. May their grief be deep sorrow and extends its somehow lightened in the knowledge that it is so widely

# Y-12ers To Receive Settlement In General Savings Fund Accounts

#### Personal Savings Plan Provides Long Range Program For UCC Stock And/Or U.S. Bonds

The latter part of June every odd year is a big time for many Carbiders! During that particular time participants in the Union Carbide General Savings Plan are issued their savings for the past two years.

General Savings plan checks this year will be mailed to all employees at their respective homes. They will be placed in the mails, tomorrow, Thursday, June 29, 1961.

Employees who prefer to pick up their savings plan checks may arrange to do so with their supervisor. These checks will be distributed at the Paymaster's Office, Bldg. 9711-5, between 7 a.m. and 8 a.m. Friday morning, June 30, 1961. Requests to pick up the General Savings Plan check must have been made by noon today, June 28.

The General Savings Fund, which is available after one year of Company Service, is a short-term savings program. The plan is voluntary and Y-12ers may contribute as much as seven and one-half per cent of their salaries, up to a maximum of \$83 per month. Carbide adds amounts as follows:

- 1. With one year of Company service credit but less than two, 10 per cent of the participant's deductions, or
- With two years of Company service, but less than three, 20 per cent of the participant's deduction is added, or
- 3. With three years or more of Company service, 30 per cent of the deduction is added.

The Savings Plan for employees provides two programs for saving, the General Savings Fund, described above, and a Personal

#### Personal Savings Account

The Personal Savings Account, which is available to employees after three years of Company service credit, is intended to be a long-range savings program with settlement at termination or retirement. The plan is also voluntary and the same amount may be contributed as given into the General Savings Fund.

In the Personal Savings Account, the employee directs the Trustee of the Savings Plan to purchase either United States Government Bonds and/or stock in Union Carbide Corporation in the proportion which is designated.

#### July 15 Dead-Line For Changes

Eligible employees may change their method of savings until July 15, 1961. This change would automatically be effective as of July 1.

This arrangement gives employees additional time to consider changing their participation. Some may want to change, for instance, from 100 per cent in the General Savings Fund, to 50 per cent in General Savings and 50 per cent in Personal Savings, or 100 per cent in the Personal Savings Account.

Withdrawals May Be Made

In cases of emergency, withdrawals may be made from the Personal Savings Fund. A total withdrawal of the employee account may be made in the event he does not have 24 monthly payments in the account. Of course, all company payments are lost, and the employee may not re-enroll in the plan for a period of 12 months.

A partial withdrawal may be made by employees if 24 monthly payments or more are in the fund. Up to one-third of the current value of the account may be withdrawan. Company payments are received. However, this employee must stop participating in both parts of the plan for a period of six months.

#### Total Withdrawal

Total withdrawal may be made also by the employee with more than 24 months in his total Personal Savings Fund. All securities and cash will be received by the employee. As indicated, this is a total withdrawal of the Personal Savings Account. The employee then must stop participating in the plan for a period of 12 months.

For income tax purposes, any gain received at the time of a withdrawal will be handled as ordinary income. However, the value of the account in excess of contributions upon termination or retirement may be considered as a long-term capital gain.

Withdrawals in the General Savings Plan forfeit company payments also. An employee may make total withdrawals, cancelling participation, or a total withdrawal, while letting the deductions continue. In either case, the employee loses the company payments. If the participation is continued, the employee receives payments on the amount paid into the Plan between the withdrawal date and the normal distribution date. normal distribution date.

#### General Savings

The Company's payments and interest received at the normal distribution dates are always handled as ordinary income in filing income tax returns. A statement is given each emplooyee with his check, indicating the taxable amount.

Any changes made in the employee's method of participation in the Savings Plan after July 15 will become effective on October 1, and quarterly thereafter.

# June Weddings Flourish Among Y-12 Families

#### CAMPBELL-FONDREN

The marriage of Miss Sherry Lynn Fondren to Mr. Harold Douglas Campbell was solemn-ized June 20, at the First Baptist Church in Elizabethton. The Rev. Herman W. Cobb, Gadsden, Ala., and Rev. William S. Sum-mar, Oak Ridge, were officiating ministers in the double ring

The bride is the daughter of Mr. and Mrs. Howard M. Fondren, Elizabethton. The groom is the son of Mr. and Mrs. Noble H. Campbell, Oak Ridge. The father is employed in Y-12's Chemical Department.

For her wedding the bride chose a gown of imported sheer silk, re-embroidered with Alencon lace. It had a sabrina neckline, fitted bodice, and a wind-swept skirt with a chapel-length train. She wore a silk illusion veil which was attached to a pearl crown. The bouquet consisted of white roses, centered with an

orchid.

Miss Kay Fondren was her sister's maid-of-honor. She wore a pure silk organza with a scoop neckline, cap sleeves, and a tucked cummerbund. Other attendants were Miss Gayle Anderson, Chattanooga; Misses Rita Crumley, Judy Franklin, and Rosalie Cardwell, Elizabethton, and junior brides-maid Eleita and junior brides-maid Eleita Lee, also of Elizabethton. They wore matching dresses of pastel colors of lilac, yellow, blue, green and pink.

The groom's father was his best man. Ushers were Basil and Doyle Campbell, brothers of the groom;

#### HELTON-GRIZZLE

A/3C and Mrs. James R. Helton, II

Miss Susan Elizabeth Grizzle Miss Susan Elizabeth Grizzle became the bride of A/3C James Roy Helton, II at 4 p.m., Saturday, June 17, at the Glenwood Baptist Church, Oak Ridge. The Rev. R. R. Smith, pastor, officiated in the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Lee Roy Grizzle, 404 New York Ave., Oak Ridge. The groom is the son of Mr. and Mrs. James R. Helton, 127 Parsons Rd., Oak Ridge. His father is a craft foreman in Y-12's Research Services Department.

The bride, given in marriage by her father, wore a full-length gown of net with lace insertions over bridal satin. The gown had Athens.

The couple is at home at 502
Longview Rd., Knoxville, after a wedding trip to Myrtle Beach, S. C.

The couple is at home at 502

the son of Mr. and Mrs. Fred D. Williams, the father employed in the General Machine Shop. The bride, who graduated from Oliver Springs High School, is the daughter of Mr. and Mrs. Roy L. Loudermilk, Route 3, Oliver Springs.

For her wedding the bride chose a gown of Chantilly lace and net designed with sweetheart neckline, outlined in seed pearls. It was fashioned with long fitted sleeves and a full skirt. A veil of French illusion was of finger-tip length. Her flowers were an orchid, showered with lilies of

the valley topping a white Bible. The bridesmaid was Miss Joyce Small, Oliver Springs, who wore a yellow dress, fitted taffeta bodice, three-quarter length sleeves and a full skirt of organza. Her matching hat was finished with seed pearls, and she carried yellow carnations and lilies. Junior bridesmaid was Miss Betsy Loudermilk, sister of the bride. Her ensemble was similarly designed as the bridesmaid's, except she wore green.

Dale Williams, with the United

States Air Force stationed in Louisiana, was his brother's best man. Ushers were Tommy Williams, brother of the groom and Bobby Ridge, Lenoir City, Gary and Freddy Williams, also brothers of the groom, acted as escorts for the parents at the wedding.

A reception was given follow-ing the ceremony at the home of the bride's parents.

"Where did you pick up that

10609

AREA FIVE MAINTENANCE MEN gathered in Building 9212 last week to pay their kindly respects to retiring William Smith, outside machinist. Smith leaves Y-12 with 10 years, 4 months Company service. The native Tennessean has been in the millwright and outside machinist trade most of his life. His co-workers, most of whom are seen above, presented him with a Roto-Tiller. He plans to use the plow on his "baby" farm in Knox County.

# Y-12er To Advise Oliver Springs **DeMolay Chapter**

A Chapter of the Order of De-Molay will be organized in Oliver Springs tomorrow night, Thursday. June 29, at the Masonic Hall, at 6:30 p.m.

The Ernie Pvle Chapter of Oak Ridge, with Ray Helton as Dad Advisor, will confer the degrees. There will be a 30-minute pro-

Advisor, will confer the degrees. There will be a 30-minute program at the end of the degree work open to the public.

J. W. Jackson, who has three sons in the new chapter of De-Molav, will act as Dad Advisor for the Oliver Springs Chapter. Jackson is in the Y-12 Chemical Department. His three sons are Alvie Lee, Billie DeWaine, and Donald Gene Jackson.

Other Y-12 sons receiving degrees tomorrow night are: Albert Depress Cotton, (son of Albert D. Cotton. Area Five Maintenance): Fred Shuler Stroupe, (son of Fred S. Stroupe. Chemical); Kenneth Dean Justice. (son of Dean Justice, Area Five Maintenance): Robert Sherman Crisp. (son of Sherman T. Crisp. Tool Grinding); Ernest Rembert Harris, (son of Rembert Harris, (son of Rembert Harris, (son of Russell, (son of Hubert M. Russell, General Machine Shop).

Other vouths receiving their degree will be Frank Liles. Wil-

chine Shop).

Other vouths receiving their degree will be Frank Liles, William Sharp, Douglas M. McCubbins, Thaxton Haves Brown, James Morris Phillips, Steven Eugene Edwards, Gary Lee Edwards, Douglas Hall Green, Larry Thomas Hall, James Monroe Harvey, James Howard Williams, John Leland Butler, Walter Eugene Orick, Dickey Wilson Howard, David Mike Walls, and Cordell Delno Johnson.

# **Community Affairs** Section Of AEC Ends Long Local Service

Another page of Oak Ridge's history closed last week, as the United States Atomic Energy Commission announced the closing of the Division of Community Affairs, and the retirement of its Director, Fred W. Ford. Ford, a veteran in civic admin-

istration, came to Oak Ridge in 1948 as City Manager, and the following year was named Director of Community Affairs, a po-

sition he has held ever since. Last May, S. R Sapirie, Manager of Oak Ridge Operations for AEC, presented Ford with a Superior Performance Award, citing "his diligence and judgment which contributed to the solution" of the problems related to the establishment of normal municipal government.

#### VANISHING AMERICANS

A million Americans disappear each year, according to New York City's Missing Persons Bureau. Many vanish intentionally.

RECEIVING HIS GIFT CERTIFICATE, third from left, is retiring William Smith, completely surprised by fellow workers. From left are K. C. Fritts, Carl W. Reiordan, the retiring Smith, James S. Elder, Albert D. Cotton, and John P. Furlong. The Area Five men all expressed their hopes that Smith would be by next spring to plow their gardens for them.

THIS ATTRACTIVE young girl is the daughter of S. L. Ray, of the Guard Department, who is really getting "up" in this world. Jimmie Lois Ray, 21, was awarded her wings with Delta Airlines. The entire guard force, along with her parents, are justly proud of her achievements. Jimmie is a graduate from South High School and Knoxville Business College. Her flights rotate from Atlanta to Cincinnati; and Chicago and Detroit through Knoxville

The male mosquito is a vegetarian and does not bite.

# Two Native Tennesseeans Retire This Week, Each With Long Service In Y-12 Plant

#### William Smith, Area Five Maintenance, And Fire Captain Floyd Remine Saw Early Y-12 Duty

Two veteran Y-12ers retire this Friday, June 30, to become the eleventh and twelfth retirees this year, and number 85, and 86 since Union Carbide began operations in Y-12 in 1947. Both retiring employees this month are native Tennesseans.

William Smith, outside machinist, in Area Five Maintenance,

ends 10 years and four months continuous service in Y-12 Friday. Rounding out 16 years, 11 months, is Captain Floyd L. Re-mine of Y-12's Fire Department. A luncheon will be staged in Remine's honor by fellow employees Friday, June 30, and will be cov-ered in detail in the next issue of The Bulletin. Both Smith and of The Bulletin. Both Smith and Remine have more than the required 10 years of Company Service to qualify them for benefits under the Union Carbide Corporation Pension Plan, and both are enrolled in the UCC contributory Retirement Plan.

#### William Smith

Retiring William Smith was born in Byington, Knox County, Tennessee, June 15, 1896. He spent his early years on his father's farm in Knox County, until World War I came, and he entered the United States Army.

After being discharged as a sergeant, Smith, in 1919, took up the mechanics trade, an occupation that he was to stick with tion that he was to stick with most of the rest of his employment time. He worked with the Dempster Equipment Co., Knoxville until 1932; then went with the Bates-Rogers Construction Co., Lexington, Ky., as a shovel operator. He worked until 1938 in this city, also with the Blair France Construction Co. He returned to his native Knoxville in 1938 becoming re-affiliated with 1938, becoming re-affiliated with the Dempster firm, now the Dempster Construction Co. In 1940 he went with the Tennessee Valley Authority, working on Cherokee and Douglas dams until

To Oak Ridge Early

Smith first came to Oak Ridge Smith first came to Oak Ridge in 1943, to work as a mechanic with Stone and Webster Engineering Co. In 1944 he came to Tennessee Eastman Corp. in Y-12. working here until 1947. He then went back to Knoxville as a mechanic with Crippon Construction Co., and Joe Cameron Construction Co. In 1948 he returned to Dempster Brothers, working as a millwright until 1951 when he returned to Y-12.

The retiring Smith married the

The retiring Smith married the former Laura Altha Franse November 27, 1921. They have three children, Barbara Smith Turner. Rachel Aline and Edgar Early Smith, and one grandchild.

The Smiths live on a seven and one-half acre "baby farm" in Knox County, to which the outside machinist plans to retire. He is interested in flowers and gardening, and plans to spend part of his time in these endeavors. A great chunk of his time he plans to spend squirrel hunting and fishing, in season, of course. Area Five Hosts Party

Most of his co-workers in Area Five gathered last week to honor Smith. They presented him with a roto-tiller, which should come in handy on the "farm." His general foreman K. C. Fritts presided over the festivities, stating what a fine fellow Smith was to work around. "We sure hate to loafing."

Nothing an and wish him only Enjayed Co-Workers see him go, and wish him only the best of health and success in the years to come," Fritts said.

The genial Smith expressed his thanks and complete surprise at the honors tendered him. Best wishes for a happy retirement go with him from all the Y-12 Plant.

Floyd L. Remine

Fire Captain Floyd L. Remine, another native Tennessean, will also retire Friday, with 16 years, 11 months Company service, and more than that in the firefighting business.

Remine was born at Boyds Creek, in Knox County, June 29, 1896. He attended the Mountain View School there. In 1918 he entered the U. S. Army and served a short while after the Armistice was signed.

In Laundry Sales

He then became affiliated with the laundry business in the sales end, a profession that was to see him occupied until 1943 with various concerns, among which were Crescent Laundry and Dry Cleaning, Sanitary Laundry and Dry Cleaners, nad Blount Sani-tary Laundry, all in Knoxville. Then in 1943, when big doings

started out in Anderson County, Remine came to work in Oak Ridge with Stone and Webster Engineering Corp., in the fire-

Engineering Corp., in the fire-fighting business.

In August of 1943, he went with the United States Engineering Di-vision, in Oak Ridge, also in fire-fighting. Transferring to Y-12, July 10, 1944, Capt. Remine has been in the Fire Department since that time.

He married the former Cora Huffaker, December 2, 1917. The Remines have three children: Floyd L., Jr., and Fay Remine Prater, both of Knoxville; and Verna Ruth Jackson, Jacksonville. Florida. They live at 2516 Upland Ave., Knoxville, and are very proud of their four grandchildren. Visit To Florida

After a little rest, the Remines plan a trip to Florida. The re-tiring captain says they may buy a place down there and settle in Florida, but he doubts it. He said he had never been away from the Tennessee hills for very long in his life, and doubted seri-ously if he could stay any length

of time away.
"It has really been a pleasure working in Y-12," he continued. "this is evidenced by how glad

**Enioyed Co-Workers** 

He also voiced his pleasure in knowing his co-workers in the Fire Department. "I'm going to miss them all," he said. With indefinite plans about his future, Remine did emphasize that he would have to do something to with him from all the Y-12 Plant.

SEA-GOING WEEDS

Weed seeds travel by water and will germinate after being in water for months or even years.

Wishes-for a nappy retirement go would have to do something to keep busy. "When you've worked all your life, you don't really know much else to do. Loafing is fun for a while, but you do eventually tire of it."

Old Dan Cupid's arrows were flying all through Y-12 families during June. Hence, The Bulletin makes history this week in reporting SIX weddings and an engagement. Before somebody slaps handcuffs on all of us, let's cruise around to see what's going on in

#### MAINTENANCE

# Susan Stephens, Y-12er's Daughter, Named Governor At Girls' State Convention

#### Will Attend Washington, D. C., Conference In Late July As One Of Tennessee's Entries

The first week in June proved to be a highlight in the life of young Susan Stephens, as she was named governor of the Girls' State Convention held at Middle Tennessee State College, Murphreesboro, Tenn., May 28 through June 4.

Running under the name "Sam," which was given to her by one

SITTING IN the governor's chair, Susan Stephens "took over" state operations Governor Buford Ellington gladly relinquishes his chair to the attractive young girl. Girls State took place in Nashville May 28 through June 4. Delegates from all over the state voted Susan governor. She is the daughter of L. A. Stephens, Production Analysis.

and to Charlie McAmis, ill at St. Mary's Hospital in Knoxville . . . Vacationers from the group include Sam McCarthy, going to Memphis, Arkansas, and Mississippi, visiting friends and relatives and hoping together tives, and hoping to get in some fishing along the way . . . Guy Tate is down around the Memphis Mich. . . G. W. Byrge is going to put the finishing touches on his new house in Knoxville . . . K. A. Tidwell took off to Detroit to attend the National Square Dance Federation . . . Jane Wright and husband Colman (he's in Development) are going down to St. Petersburg, Fla. for a vacation of sea and sand . . . H. M. Jenkins, A. F. Herrell, L. R. Crawford all slipped away without letting anyone know what or where they were going . . . Joyce Coling,

of her teachers, Susan used as her slogan: "Don't be content with being average. That means you're as near to the bottom as you are to the top. That is no way to fight communism." Under the heaven "Sem's the Menn" the the banner "Sam's the Man," she alternately won the positions of alderman, sheriff and finally

governor.

Honors come easily to Susan, the daughter of Mr. and Mrs. L. A. Stephens. Her father is head of Production Analysis in the Y-12 Laboratory. In her junior year she was president of the Future Teachers Association, is currently president of the Methodist Youth Fellowship at church, and is president of her social club, The Mohawks, for the current school year. She will be a senior at Bearden High School this fall. **Ties With Roddy** 

Making all A's in school, Susan tied with another Y-12er's child last year at Bearden for scholas-tic honors. She and Dannie Rod-dy, daughter of Carl Roddy, Jr., of Plant Records, were tops in their junior class at Bearden.

Girls' State, sponsored by the American Legion Auxiliary, elects two representatives from Tennessee to attend Girls' Nation, in Washington, D. C., July 30 through August 5. There will be two "senators" from every state in the union. One of the high-lights of the Washington in the washington. lights of the Washington will be a visit to the White House and a personal introduction to President and Mrs. Kennedy. Auburn Hair And Dark Eyes

The attractive young miss stands a pert five feet, seven in-ches tall; has auburn hair and dark eyes. Jacqueline had better look to her laurels shortly when the "senators" invade the gardens and grounds of the White House.

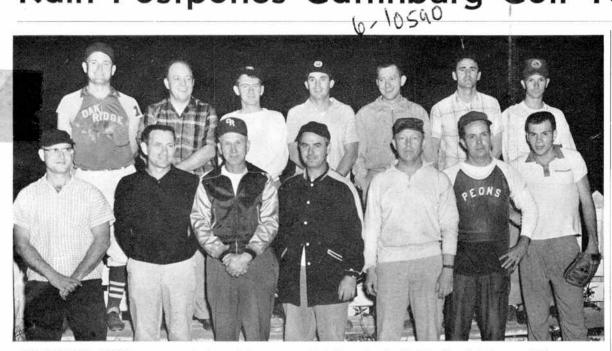

Susan got to sit in the governor's chair in Nashivlle, and was particularly impressed by a gold telephone on Gov. Buford Elling-ton's desk. (She later told her father she wanted one.)

Likes Dancing

For hobbies, Susan likes to dance, both ballet and modern. Susan likes to She recently performed in the Carousel Theatre's production of the Kurt Weil folk opera "Down

The Stephens also have a son, continued on Page 6 ing Maryville College, Maryville.

# Rain Postpones Gatlinburg Golf Tournament Until July 1

THE POWERFUL PEONS are not as lowly as their name would indicate in the Carbide Slo Pitch League. With a current record of four wins and two losses, they are tough competition for any comers. From left in first row, are Art Stewart, Mac Wright, Manager Roy Roberts, J. D. McLendon, M. L. Bailey, Sewell Brown and W. W. Maschler. In the back row are J. E. Cheek, D. R. Allison, M. B. Edwards, B. G. Rae, L. M. Scott, B. F. Rutherford, and W. S. Everett.

# Y-12's Red Devils, ORGDP's Odds 'N Ends Fall From Ranks Of Unbeaten As Rains Finally Halt

# Hines-Emlet Are Ridge Leaders

#### Refuse To Budge From Top Spot Of League

The Oak Ridge Golf League for Y-12ers braved the rains and mud last week to see Hines-Emlet, league-leaders, down Gregory-Kurtz over the full six points. Other six-point wins were posted by Stroud-Ebert over Crow-Bremen, and S mith-Bartholomew over Belvin-Hopkins. Three five-point wins appeared as Mee-Mc-Lendon downed Ratjen-Hoppe; Dehoney - Knowles swamped Underwood-Earley; and Brown-Roberts dropped Andrews-Turner. Four-pointers were taken by Hackett-Townsend over Holz-knecht-Peckman and Mitchel-Tibbatts over Boyd-Oliphant. The Peterson-Presley, Crone-Douglass battle ended in a draw with each team taking three points each.

J. E. Bartholomew hit the low game of the week with a 38, and Bill Ebert was low handicapper with a 31. (And for the record, there is a Dick Luck, substituting freely in the Ridge League.)

### Cove Lake Is Site For D Shift Picnic

A 'pooling of the food' picnic is planned for D Shifters at Cove Lake, next Thursday, July 6. Festivities get underway at 10 a.m. Picnic baskets will be combined and the food will be served. bined and the food will be served

All Y-12ers and their families are being invited to the soiree. There will be games for the kiddies, as well as games and prizes for the adults in the crowd. Cove Lake is on Highway 25-W, north of Lake City.

The rains finally let up enough last week for the Carbide Slo Pitch League to get in one night of play. Two previously unbeaten teams fell from the magic circle, sustaining their first losses.

Y-12's only team with a perfect score, the Red Devils, fell to their fellow-plantsmen, the Atoms, in a squeaker at Pinewood field, 11 to 10. Darry Daws tripled for the winners and hit two doubles. Other doubles were batted out by Cavosie (2), Davis, Babb, Kendrick, and Sise (2). On the Red Devil side, Shotts homered, Levline tripled, and doubles were earned by Guttery, Owenby, and

# New Schedule **Holds Original** Take Lenoir Wins Tee-Off Times

It seems as if all the news in every department these days is the WEATHER. It crept into the picture, cancelling out the Gatlinburg Golf Tournament for last Saturday, June 24.

However, Recreation states that the tournament for golfers has been rescheduled and will be staged this coming Saturday, July 1. Holders of tee-offs will keep their same times, as in the original schedule. nal schedule.

The first 10 foursomes, leaving the first tee-off between the hours of 7 and 8 a.m. are the lucky holders of carts. These will remain the same also.

Few Openings Left
Recreation also announces a few openings for foursomes at desirable times still available. These foursomes may call the Recreation Office, telephone 7109, or stop by in Room 149, Building 9704-2.

Green fee on the famous Gat-linburg course is \$3.50. Golfers are again reminded that they will be guests of the club, and ex-treme care should be exercised in the scheduled play.

128 Originally Sign
Originally 128 golfers had signed to participate in the last Saturday competition. The list had dwindled down to 108 by Friday at the time the tournament day at the time the tournament was postponed. All foursomes were notified by phone of the de-

layed tourney.
Only the 108 remaining golfers keep their original tee-off, however. Voluntary cancellations by the golfers themselves must reregister for new tee-off times.

# **Beaver Brook Has** 5 Y-12 Twosomes

#### Huskisson-Loy Keep Close Second Place

The Beaver Brook Golf League The Beaver Brook Golf League for Carbiders reported in last week with a ction involving Y-12ers, Bill Ingle and Bill Wilburn, as they tied for handicap honors with low 32's in league play. Ingle turned in the low scratch score of 36.

A Y-12 team, Huskisson-Loy is in second place in the league

# **Deadline In Poster** Contest Is Friday

#### Mail Entries Acceptable Until 8 A.M., June 30

The Safety Department announces the deadline for entries nounces the deadline for entries in the June poster contest as midnight, tomorrow, Thursday, June 29. Mail entries received up through 8 a.m. Friday will be accepted. The theme for this month's contest is the safe use of hand and power tools.

Appropriately enough tools are being offered as awards in the contest. First prize is a sabre saw, and second prize is a weld-ing torch kit. Judging for this particular contest will take place in the early part of next week, and will be announced in a later issue of The Bulletin.

The popular contest has seen ine entries from all Y-12. This is the ninth poster contest held since the first of the year. The winning first place entry will be used in the September safety agenda in the plant, and the poster theme will be adapted and placed on bulletin

The rules are simple, and have been repeatedly printed in The Bulletin. The Safety Department, located in Room 152, Building 9704-2, will answer any questions that might arise concerning the competition. The telephone number in Safety is extension 7741.

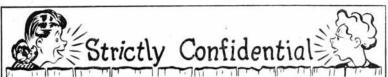

Scheduled to get underway at 1 p.m. next Tuesday, the races will be held at 20 minute intervals. Admission and parking are both free. The races will be staged along the embankment of the Kingston dikes on Highway

Amateur drivers will have an opportunity to exhibit their skill in the three races or pleasure boats. Local drivers interested in entering the competition should contact the NOA office in Knox-ville, or any member of the Kingston Lions Club.

Active in the Kingston club are Don McMurray, Reproduction, who is currently president; Chester R. Fultz, Engineering Physics Development; Dan S. Hawxhurst, Statistical Services: R. F. Blom. From Chemical comes word that Allie Baer is vacationing in Florida . . . she took her two grandchildren along.

Alpha Four Cascade Operations welcomed in consumer Steve

Alpha Four Cascade Operations welcomed in co-opper Steve Cristy, from the University of Tennessee . . . then bade farewells to Cap Peters and Doug Klima, who returned to Georgia Tech for the summer quarter . . .

Ad in personal columns: "Male, old enough to know better, wishes to correspond with female not quite that old."

#### ENGINEERING

Industrial Engineering extends sympathy to J. W. Hodges whose father died last week in Grosse Point Farms, Mich. . . Louise Scoggins, and husband John (of Electrical) are vacationing in Virginia and North Carolina... J. C. Little took his family to Atlantic City to combine business and pleasure . . . W. G. Jones and George Heins vacationing in parts unknown . . and the welcome mat is rolled out for the following new employees: Steve Thornton, J. N. Abele, K. B. Delmane and Henry Henry Get well. and Henry Hope and Henry Hope . . . Get well wishes are speeded H. G. Tillery and T. N. Burklow . . . the entire department sends its best wishes Ride wanted from vicinity of Ride wanted from vicinity of housekeep in Maryland.

Ride wanted from South Clinton section, Lynn Street, to East Portal or North Portal, straight day. Gail Stair, plant phone 7343.

Will join car pool from California area, Oak Ridge, to Central Portal, straight day. J. Portal, Straight day. Jo Ellen Iocovano, plant phone 7-8241, home phone Oak Ridge 483-0495. J. D. Ball took off to Day-

joyed a recent picnic as **B. B. Bell** played host (together with his family) to the entire department at his cabin on Watts Bar Lake. B. B. is currently enjoying his brother's vacation as he is spending it with his family at the Bells . . . that picnic, too, brought on other ramifications, it's rumored that Brandt Kuperstock and Lynn Noey are going to attend a driv-ers' school after the famous pic-nic. Kuperstock also is reportedly trying to settle the transportation problem to and from work with a bus (he promises transfers)! . . . Marie and Russ Hensley made the picnic even more of a big success by bringing along their new 28 foot cruiser! . . . Raisey (Flash) Feezel is still trying to enact a law to increase the local speed limit . . . A big welcome to cooppers Ward Engel, Ray Oakes, and Henry Morton, also newcomer Harold Cornett, transferred in from ORGDP . . Ralph Haney has moved into his newhome in West Oak Ridge . . Charles Sampson is going to finish up his correspondence schooling with two weeks in-residence training at Louisville, Ky. somepicnic even more of a big success training at Louisville, Ky. some-time in July . . . And the group has increased personal-wise so in the past few weeks that the men are looking for fence styles to put at their desks, so they can just walk over them.

That's all the plant chatter for now. Have you heard the one about the man about to be electrocuted? He phoned his lawyer for advice about what to do next. The lawyer stammered a minute or two, then came up with, "Whatever you do, son, don't sit down."

Get well wishes are speeded the following employees, ill last week in Oak Ridge Hospital:

J. D. Quinn, Guard Department; Otto P. Sheller, Chemical Engineering Development; William C. Moisson, Maintenance Planning; Raymond V. Thompson, Graphite Shop: H. Bunga Padia Graphite Shop; H. Runge, Radiation Safety; Edward J. Coffman, Special Mechanical Production; J. H. Ray, General Machine Shop; M. L. Loggins, Beta Four Assembly and Forming; W. B. Stephens, Beryllium Fabrication; and L. F. Powell, Timekeeping.

He who slings mud usually loses ground.-Adlai Stevenson.

### Rains Slow Tennis Clashes Allowing Only Two Contests

When the rains came, they fell on Y-12's tennismen also. Only two sets of matches have been played thus far in the league, as the schedule falls two weeks be-

Sam Campbell trounced Al Fisher 6-0, 6-1 in the first sets. Last week the only matches allowed by the "mists" saw Al Christman over Pete Rekemeyer 6-2, 6-2.

League standings will be listed when more play has been accomplished.

### Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few

15 YEARS Ralph Ledford, Area Five Maintenance, July 1. Halbert E. Argo, Process Main-

tenance, July 1.

Burrell A. Davis, Z Area and Dispatching, July 2.

10 YEARS

Howell G. Simerly, Research

Services, June 28.

Margaret A. Anderson, Mail
Department, June 29.

Dana H. Tunnell, Area Five

Maintenance, June 30.

Iva H. Jones, Product Process,

Ray N. Whitehorn, Radiation

Safety, July 2.
Amos R. Shamblin, Research

King C. Burgess, Production Inpection, July 2

John B. Graham, General Mathine Shop, July 2.

Thomas H. Jimmerson, Produc-

tion Inspection, July 2.

Joseph H. Stewart, Jr., Produc-

Joseph H. Stewart, Jr., Production Analysis, July 2.

Hubert C. Morgan, Production Inspection, July 2.

J. R. Rutter, Receiving, July 2.

Chesley B. Fowler, Area Five Maintenance, July 3.

Thurston B. Caldwell, Z Area and Dispatching, July 3.

and Dispatching, July 3.

Charles E. Murray, Salvage,

Edward Owings, SS Control,

Leonard Gibson, General Machine Shop, July 3.

Jack R. Day, Ceramics and

Plastics Development, July 3.

John C. Thomas, Mechanical
Engineering, July 3.

Albert L. Foland, Production Inspection, July 3.

George W. Hart, Salvage, July
